Ph. No.9647219731/9002464814, Email- majumdertamaghna4@gmail.com, Linkdin- www.linkedin.com/in/tamaghna-majumder

About me:

After attending my first ever hackathon it became clear to me that I should make myself unique than others. It has been a good journey so far while searching for that uniqueness. I learned C, Java, Python, SQL and all the other languages which a programmer needs to know for the industry but now I am starting to search for that uniqueness with this new journey.

I am Tamaghna and I would love to learn from your company as a Fresher Data Analyst also eager to give my utmost efforts to help the company and the people with my current level of knowledge and will try to be a good learner and a good programmer.

Achievements: -

- **Smart India Hackathon Grand Finalist**
Selected from West Bengal in SIH 2022 with the problem statement of DRDO.
- **Got the JIS Innovation Award for the best project in college.**

Projects: -

- **Hand gesture-based PC automation (project of Smart India Hackathon-DRDO) -(2022)**

An AI based PC automation which uses OpenCV and Python coding to provide the user with the ability to navigate their device without the need to touch the screen. This software also uses a file cluster system which stacks all the similar kind of files in a particular folder automatically.

- **Bank Data Displaying dashboard for analysis using SQL and Microsoft Power BI – (2023)**

It helps to gain insights of a bank which is spread across various countries and also to make important decisions based on those analyses. It follows the ETL architecture and uses the pipelining method to work.

- **Real Time System Information using Python, SQL, Power BI – (2023)**

This system shows real time data of various components of our system.

Education: -

- **JIS COLLEGE OF ENGINEERING**
Btech Information Technology
(2020-Current)
- **KENDRIYA VIDYALAYA NO.1**
KANCHARAPARA
Class 12, (2018-2020)
- **KENDRIYA VIDYALAYA NO.1**
KANCHARAPARA
Class 10, (2008-2018)

Technical Skills: -

- C
- JAVA
- PYTHON
- DBMS
- FIGMA
- POWER BI
- STATISTICS

Trainings and Certification: -

- AWS (From Campus)
- Red Hat
- Cisco (Global Certification)

Extra Skills: -

- Photoshop
- Illustrator
- Logo Designing
- Concept Art
- Blender

Hobbies: -

- Watching Movie
- Singing
- 3D Graphics
- Photography
